

Connecticut Charts A Course (CCAC), the State of Connecticut's professional development and program improvement system for early education and school age care **now operates THE PROFESSIONAL REGISTRY!**

The Professional Registry is a web-enabled system that can track your individual professional development along the career ladder and provide you with an easy way to request scholarships and counseling. Trainers can use it to submit their class completions and Program Directors will be able to get a profile of their staff. Planners will have a picture of the early care and education workforce. The more participants who register, the more accurate that picture will be. **So REGISTER NOW!**

For general information visit us at: www.ctcharts-a-course.org
To enroll in the Registry visit us at: www.ccacregistry.org

**Scholarship Assistance
Program**

Provides scholarships to individuals who wish to increase their education or training in early education and/or school-age care. Scholarships are now available.

Come see if you are eligible at:
www.ctcharts-a-course.org

**Accreditation Facilitation
Project (AFP)**

Provides support for NAEYC accreditation and other program improvement systems such as school-age, and family childcare.

For more information on accreditation support visit us at:
www.ctcharts-a-course.org

**Training Program in Child
Development (TPCD)**

The Training Program in Child Development is 150 hours of Connecticut Charts A Course approved workshops that meets the training requirement for the CDA Credential.

To find workshop training in your area download the flyer at:
www.ctcharts-a-course.org

Career Counseling

Provides individual professional development counseling in both English and Spanish for child care providers interested in education and training.

Contact
Claudia Sawyer (English)
1-800 823-7784 x 3902
or
Margaret Westwood (Spanish)
1-800-832-7784 x 3903

Professional Registry

Provides an interactive web system that allows CCAC to assist individuals in tracking their education and training on the career ladder and will provide a picture of the CT early care and education workforce.
